Administration

The Trust is administered in accordance with the trust document or pension ordinance enacted by the City Council of the City of El Paso. This trust document is found in Chapter 2.64 of the El Paso Municipal Code. The trust document provides, in part, that the Trust may make rules and regulations necessary to provide for effective administration of the Trust. The Trust is governed not only by the pension ordinance but also by any rules and regulations approved by the Retirement Trust's Board of Trustees.

The Board of Trustees (the "Board"), is a quasi-legislative and quasi-judicial body which is promulgated by the pension ordinance. There are currently 9 individuals who serve as your Retirement Trust Board of Trustees. The composition of trustees who serve on the Board are either elected by the members or appointed by the Mayor or City Council. Four employee representatives are elected and serve four (4) year terms. Five members are appointed either by City Council or the Mayor. These appointed Board members serve for a term of two (2) years. Board members may be reelected or reappointed as long as certain qualifications required by the pension ordinance are satisfied. However, appointed members of the Board have lifetime term limits of eight (8) years.

Board members are responsible for a number of decisions, which affect the management of the Trust. Board members pass rules and regulations and approve policies governing the administration of the Trust. Board members hire the Trust staff, provide a yearly budget, make investment decisions and set the policy and direction of the Trust through their efforts, and decide disability claims.

Customers of the Trust

A customer of the Trust can be any person that the Trust interacts with on a professional basis, and may include current participants, retirees, survivors of deceased retirees, City department staff, or outside consultants and vendors. Below is a listing of the most typical customers of the Trust.

Participant

A person that currently contributes a portion of their monthly compensation to the Trust's pension fund. Current participants include most City employees (including employees of El Paso Water), and employees of the Metropolitan Planning Organization (MPO), the Camino Real Regional Mobility Authority, and of the City of El Paso Employees Retirement Trust. Some City employees that have "unclassified" positions may opt not to contribute to the pension fund and are therefore not considered participants.

Retiree

A person that has retired from active City service and that has filed an application for retirement with the Trust. A retiree may receive monthly payments as soon as the Board approves the retirement or may elect to defer receiving payments until a later date.

Beneficiary

A person that receives a benefit from the Trust, in the form of a one time, lump-sum payment, or a monthly payment, or that may potentially receive a monthly payment from the Trust. This includes retirees receiving payments, survivors listed on a retirement application, and a retiree that has deferred retirement payments. All retirees are considered beneficiaries, but not all beneficiaries are retirees.
